**Interfaith Dental Clinic**

Volunteer Dentist 2006-2010

I was introduced to this opportunity through my residency program. The “IFDC’s” mission is to serve the “working poor” of the Nashville metro area. They have the support of both the United Way and a faith based organization in Nashville. As a volunteer I would participate in workshops and fund-raising events in addition to my professional time.

**Vanderbilt University School of Medicine**

New Applicant Committee 2004-2007

I immediately became involved with my medical school by volunteering to give new applicants to the Vanderbilt School of Medicine tours, lead discussions on curricula, and answer questions regarding “medical student life.”

**Cystic Fibrosis Foundation**

Group Leader & Fund Raising Co-Chair 2005-2008

Led group discussions at monthly meetings primarily to develop ideas to further the mission of the Cystic Fibrosis Foundation of Nashville. I was responsible for organizing and carrying out the annual “Pig Roast” fund raiser which during my tenure raised ~\$10,000 for the organization.

Member 2004-2010

**Country Music Marathon**

Medical Team 2005-2007

Led a team of multidisciplinary medical personnel dedicated to acting as a team to provide rapid assessment of medical needs and to administer acute first aid and immediate services to the runners.

Race Participant 2004, 2008, 2010, 2013, 2015

**University of Oklahoma Health Sciences Center Student Association**

Vice-President/Senate Chair 2003-2004

Chaired the OUHSC Student Senate and assisted the OUHSC President with campus events, policies, and student concerns. Introduced legislation in the form of resolutions to promote both the needs and wants of students from the entire Health Sciences community.

Social Chair 2002-2003

Mounted the task of bringing members of the 7 major disciplines represented on our campus together for social events such as “Block Parties,” “Game-Day Watch Parties,” prominent speakers in the health sciences, and multicultural banquets. While trying at times, my leadership skills have been refined as a result of communicating with such a diverse group of students in a social atmosphere.

Interdisciplinary Learning Chair 2001-2002

Coordinated events between the different colleges represented on the University of Oklahoma Health Sciences Center Campus as well as between peers in the health services community.

Student Web Development Chair 2002-2004

As the secretary of this brand new organization, I organized guest speakers, obtained and distributed relevant materials, and recorded minutes during business meetings.

**University of Oklahoma College of Dentistry Student Council**

Secretary 2002-2004

I have become a firm believer in the adage that if you want to know all of the intricate workings of an organization, become the secretary. Acted as mediator between class and course directors. Performed instructed actions of Class President.
