PRESENTATIONS

- 1) Applications to Oral and Maxillofacial Surgery Residency Program
 - Research Mentor: Shelly Abramowicz, DMD, MPH
 - Oral presentation on September 23, 2023 at 8:50am at the American Association of Oral and Maxillofacial Surgeons (AAOMS) in San Diego, CA.
- 2) A Primer Course for Pediatric Cleft and Craniomaxillofacial Surgery Fellows
 - Research mentor: Shelly Abramowicz, DMD MPH

- Oral presentation on May 5, 2023 at the 80th American Cleft Palate-Craniofacial Association (ACPA) convention in Raleigh, NC.
- 3) Pediatric Facial Trauma: Epidemiology and Etiology of Facial Injuries in Children
 - Research mentor: Shelly Abramowicz, DMD MPH
 - Oral presentation on April 15, 2023 at the American Academy of Craniomaxillofacial Surgeons (AACMFS) convention in Chapel Hill, NC.
- 4) Pediatric Dog Bites to the Face May Have Been Less Severe During COVID 19 Pandemic
 - Research mentor: Shelly Abramowicz, DMD MPH
 - Oral presentation on April 15, 2023 at the American Academy of Craniomaxillofacial Surgeons (AACMFS) convention in Chapel Hill, NC
- 5) Arthroscopic Synovial Biopsy is effective in Definitive Diagnosis of Different Temporomandibular Joint Pathological Entities. A case series and a review of the literature (Presented on March 23, 2020, Harvard School of Dental Medicine Research Symposium)
 - Research mentor: Joseph McCain, DMD FACS- Massachusetts General Hospital, Department of Oral Surgery and Maxillofacial Surgery.
 - Coauthor on case report detailing the presentation and arthroscopic surgical technique of diagnosing Calcium Pyrophosphate Dihydrate Deposition of the Temporomandibular Joint (2020 Harvard university research symposium).
- 6) Development of a Dental Quality Metric for Caries Risk (presented on July 21, 2016, at the Children's Hospital Oakland Research Institute (CHORI) Summer Research program)
 - Research mentor: Joel White DDS, MS – University of California in San Francisco, Department of Restorative Dentistry.
 - Conducted as part of NIH/NIDCR 1R01DE024166, UCSF School of Dentistry and the CHORI summer research program

ACTIVITIES AND VOLUNTEER EXPERIENCE

July 2023-Present

Emory GLOBE Track

- Global Health Overview by Education and Engagement is a 24-month track organized by the Global Health & Equity Office at the School of Medicine to support residents and fellows to gain the knowledge, skills, and attitudes necessary to prepare them for careers that incorporate global health endeavors, leadership, and administrative responsibilities.

September 14, 2022 – September 17, 2022

AAOMS Poster Judge

- Judges were required to view and judge over 10 different posters that were submitted for the 104th AAOMS meeting held in New Orleans, La.

May 4, 2022 – May 6, 2022

Clinical Trials Methods Course

- This course provided faculty, residents, and private practice oral and maxillofacial surgeons with a board detailed overview of the research methodology and the design of a clinical trial. Hosted in Rosemount, IL.

January 2019 – May 2020

ADEA Academic Dental Careers Fellowship Program

- Developed an evidence- based approach to teaching local anesthesia to 2nd–Year dental students.

August 2017 – May 2020

Harvard School of Dental Medicine Admissions committee member

- Reviewed applications and conducted interviews for the school.

August 2019 – May 2020

Harvard Office of Diversity and Inclusion Fellow

- created a comfortable and welcoming environment for all members of the HSDM community
- Planned and executed events that aimed at increasing enrollment of students from underrepresented minorities in the Boston Area

August 2016 – May 2020

Harvard A.C.T.I.O.N Coordinator and Volunteer

- Volunteer at the Harvard student-run Action for Children and Teens in Oral Health Need program.
- Assisted with oral health and nutrition instruction
- Provided care to low-income individuals who attended clinic

August 2017 – May 2020

Harvard Periodontal Study Club Vice President

- Organized and taught pre-doctorate surgeries to help enhance understanding, rationale, and technique behind different soft tissue surgical techniques.

August 2018 – May 2020

Project Bridge Volunteer

- Project Bridge is a student-run free dental clinic at Bridge Over Troubled Water (BOTW) in downtown Boston.
- Under the supervision of different volunteer dentist, I was able to offer basic dental services such as exams, cleanings, basic restorative needs and oral health counseling once a month for 2 years as a dental student.

May 2016 – July 2016

CHORI Summer Research Program

- The Children's Hospital Oakland Research Institute (CHORI) Summer Research program was a 6-week summer research program that gave me the opportunity to have a clinical research experience with Dr. Joel White at the University of California in San Francisco.

- Here I was able to learn how to conduct clinical research in the dental setting and this program is what served as a steppingstone for me to learn how clinical dental research should be carried out.

Awards and Scholarships

2022

1. Osteo Science Foundation Resident Travel Awards to attend the 104th AAOMS Annual Meeting in New Orleans, La.
2. OMS Foundation Resident Scholarship for the Clinical Trails Methods Course meeting in Rosemount, IL.
